General Guidelines

- Students of the age group 15 - 25 can register
- Participants are to form a team of 2-5 students
- Each participant can only be part of a single team
- Every team member need not be from the same institution, ie cross instituite teams are allowed
- Teams are make sure they have access to stable internet
- Event specific rules will be given out later
- 3rd Phase(Develop) will be taking place on CUSAT, At the least 2 members of the team should be present here for their submission to be evaluated
- Teams will be marked based on multiple criteria and not just on the completion of the project
- In case of any issue, participants should contact the volunteers
- In case of any discrepancy, The Judgement committee will have the final say.

Select students from the best performing teams would be chosen by Tensaw Technologies and given internship opportunities
